TECHNICAL SKILLS

Languages: Java, JavaScript
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js, Spring Boot, REST APIs
Databases: MySQL
Tools: Git, GitHub

STRONG SUBJECTS

Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS)

INTERNSHIP EXPERIENCE

Techpuram, Software Developer Intern	04/2026 – 06/2026
- Built features for a SaaS platform using React.js, Express.js, and MySQL. - Created REST APIs for student assessment and performance tracking modules.	
Amizhth Techno Solutions, React Developer Intern	09/2025 – 12/2025
- Developed reusable and responsive React.js UI components for web applications. - Integrated REST APIs for client-server communication and dynamic data rendering.	
Zoho Corporation, Extension Developer Intern	07/2025 – 08/2025
- Built a Zoho CRM "Duplicate Detector" extension to identify duplicate customer records. - Implemented validation workflows for phone and email fields to check existing records and prevent duplicate contact creation.	

PROJECTS UNDERTAKEN

Claridux – Strategic OS for Academic & Career Mastery	09/2025 – 04/2026
- Developed a full-stack academic and career planning platform using React.js and Express.js with relational database integration. - Implemented resume analysis and skill-gap identification features to generate personalized academic and career insights.	
AI-Based Internship Recommendation Engine (Smart India Hackathon 2025)	09/2025 – 11/2025
- Developed an internship information and recommendation platform to help students discover relevant opportunities. - Built a WhatsApp-based workflow for delivering internship opportunities collected from national portals.	
Smart QR Water Can Monitoring System	07/2024 – 12/2024
- Proposed a QR-based water-can lifecycle monitoring concept for tracking usage and quality information. - Designed a QR-based workflow to provide users with verified lifecycle and tracking details.	

ACHIEVEMENTS, HACKATHONS & PATENT

First Prize – ZYRON’26 (National Level Symposium) , Government College of Engineering	08/04/2026
Presented Claridux, a platform for academic and career skill-gap analysis.	
First Prize – TECHELITE’26 (National Level Hackathon) , Sri Bharathi College of Engineering	27/03/2026
Presented Claridux, demonstrating skill-gap analytics for engineering students.	
Third Prize – AURA’24 Technical Hackathon , Bannari Amman Institute of Technology	27/08/2024
Proposed a QR-based water-can monitoring system for usage and quality tracking.	
Patent Application Filed – "A System for Enhancing Quality of Water Can through QR Code"	11/2024

CERTIFICATIONS

AWS Certified Cloud Practitioner	03/2026
